Thank you for spoiling me during teacher appreciation week. I'm so blessed to have taught your child in my class and to leave their mark within me for the rest of my life. They have all touched me in a special way. They are an awesome group of kids. I am always here for them. If you need anything please let me know. Each & everyone one of them are part of my family.

We watched Johnny Tremain & had a special snack on Thursday (14th).

Upcoming Events

5/21 will be our snow make up day. It will be the annual school picnic. Please mark your calendars.

Students check your grades weekly.

I am so proud of all the students. They have worked very hard this year. I have many fun dates planned in May. I need them to work hard for four more weeks. Thank you for your support!

It's important that the students continue to learn. Please encourage your child to read, practice math skills, and to write over the summer. I've learned that students that read a lot over the summer come back on a higher reading level. Some students regress & goes backwards a couple reading levels if they don't read over the summer. Don't forget to practice basic math skills that will help you be successful in 5th grade.
